

Vision

We are deeply convinced that long term economic development can be achieved only by integrating extensively social and environmental issues. By bringing in its know-how and many years of experience, **Global21** wants to contribute actively to the concretisation and implementation of sustainable development in industrial and developing countries.

Principles

We are deeply attached to the principles of transparency and good governance. Participation is an integrated part of the company's policy.

Commitment

Global21 is committed to providing excellent consultancy services for its clients and to promoting Quality and Corporate Social Responsibility through its activities.

Our Fields of Intervention

Global21 Consulting is an internationally operating company providing consultancy services at the interfaces of environment, climate change, economy and development. Our interventions focus particularly on the fields:

Our Customers

Global21 advises **development organizations** in all issues related to environment, climate change, sustainable business development and development policy.

Global21 acts on behalf of national, European and international **environmental authorities** in all issues related to environment, climate change and green economy.

Global21 assists **companies and economic associations** in their efforts to achieve sustainable economic development. We accompany your activities at international level, particularly in transition and developing countries.

Global21 is based near Toulouse in France and operates in Europe, Latin America, Africa and Asia.

Josef SEITZ
 Director of Global21
 International Expert in Environment,
 Economy and Sustainable Development

Josef Seitz works since 1991 as international expert in the fields of environment and sustainable economic development.

From 1996 to 2000 Josef Seitz advises the Moroccan Ministry for Environment as environment expert for the German technical cooperation GIZ (GTZ).

From 2000 to 2004 he works for GIZ (GTZ) in Argentina as programme manager, sustainable development expert and teamleader at the "Urban and industrial environment programme".

In 2005 Josef Seitz is nominated Regional Coordinator for France of the Life Environment Programme of the European Commission.

In 2006 Josef Seitz founds **Global21 Consulting** and participates worldwide in numerous missions and studies related to environment, climate change and green economy.
